MEMORANDUM FOR: General Counsel

FROM: Chief, House Liaison, Legislative Liaison Division

SUBJECT: CIA Legislative Proposals Re Wilson-Terpil

REFERENCE: a) EA 82-0063/10, 24 February 1982;
b) EA 82-0063/6, 8 February 1982.

1. HPSCI Subcommittee on Legislation Counsel, Bernie Raimo, called today on behalf of Mr. Romano Mazzoli (D., KY), Subcommittee Chairman, reiterating Mr. Mazzoli's request to be supplied with the copies of the remedial legislative proposals the Agency has or is currently considering re the Wilson-Terpil problem. According to Raimo, such proposals were promised by OGC representatives over a month and a half ago in a meeting held here at Headquarters and in a subsequent phone call. Raimo also underscored your promise to supply the same to Mr. Mazzoli during the 2 February Wilson-Terpil hearing before the Committee.

2. Raimo noted that Mr. Mazzoli is not asking for a fully coordinated legislative package, but rather merely wishes to have the benefit of the Agency's thinking to date on the subject so that he can examine the various options that might exist in the legislative arena.

3. Please advise as to whether any legislative drafts are available to pass along to the Committee. I would appreciate your immediate attention to this request given the time that has already elapsed.
